Elevation of Route #19

Total Distance : 18.6km, 6-7hours

Route #19 Jocheon – Gimnyeong Olle

Some like the sea and some the mountains. However, regardless of the beauty of the sea or the mountains, people tend to become indifferent to it. Jeju Olle Trail Route #19 begins at Jocheon Manse Dongsan(mound) in Jeju-si and extends eastward to Gimnyeong via Sinheung, Hamdeok, Bukchon and Dongbok. It offers the most beautiful and exciting sceneries in Jeju Island, which include the sea, mountains, Gotjawal(forest), villages and fields. The transition of the view from the path to the fields and the sea presents a truly colorful sight. From the sea and the forests filled with fragrant pine trees to the interesting villages, the exciting sceneries are endless and appear at the right moment.

Transportation

Direction to the starting point

From Jeju-si 1) Take east bound intra-city bus #701 at Jeju Intercity Bus Terminal to go to Jocheon Gym bus stop(30 minutes) → Walk 80m to the left on the other side of the road → You will see the starting point inside the parking lot

Attractions

Sinheung-ri White Sand Beach/Sinheung Beach This is a wide white sand beach in Sinheung-ri Village. The water becomes very clear in high tide and a truly magnificent view opens up in low tide. The area is generally flat, which is ideal for all kinds of marine sports & activities; however, the water level can get very deep in high tide, rising above the normal height of an adult.

Hamdeok Seowoo-bong(peak) Beach Beautiful beach with fine, white sand beach that extends out to the sea. Famous for its beautiful and clear water, and it is also equipped with various facilities, campgrounds and amenities.

Seou-bong(peak) Located in the vicinity of Hamdeok Beach, Seou-bong(peak) is considered a mountain of virtues because of its unique appearance that resembles a water buffalo. At the northern peak stands a signal fire tower called Seosanmang, which exchanges signals with Wondangmang in Samyang and Ipsanmang in Gimnyeong. In the eastern shore, there are 21 caves excavated by Japanese army. In 2003, the residents of Hamdeok-ri built a pathway to Seou-bong for over two years using only sickles and hoes.

Daryeo-do/Dalyeo-do This is an uninhabited island off the coast of Bukchon-ri, which is famous for its beautiful sunset. The island is shaped like a seal. The place has rich marine life and diverse species of fish, welcoming fisherman from all around the country. During the 4.3 Incident, some residents of Bukchon-ri hid in Daryeo-do to protect themselves.
